Valeo Wiper Systems,  
April 30th, 2024

<b>Subject: Self-Certified Supplier Nomination Letter</b>
---

Dear Mr. Fleming -

After Valeo Wipers performed a confirmation audit in the beginning of April 2024 at your facilities, we are pleased to inform you that your company has successfully passed a **Self-Certification Kick Off** and met the criterion to become Valeo Wipers North America first **Self-Certified Supplier**.

Your company belonging to the “**Self-Certified Suppliers League**” is empowered to qualify processes based on their own Process Audit/FPDR and CCL self certification assessment without systematic visits done by Valeo PG SQA Commodity Engineer.

This is a major step in a trustful collaborative relationship between Accurate Woodbine and Valeo.

We will verify each Process Audit/FPDR/CCL submitted by your Company in SRM in order to monitor that process is respected.

Valeo Wipers reserves the right to perform **Confirmation Process** Audit/FPDR/CCL at any time for upcoming projects in order **to confirm Self-Certification** is maintained.

Thank you for continuous support towards Zero Defects.

If you have any questions, please contact [Eduardo Reveles](#), Product Group SQA Commodity Engineer, phone: [+52 444 105 4845](#), e-mail: [eduardo.reveles@valeo.com](mailto:eduardo.reveles@valeo.com).

Sincerely,

A handwritten signature in black ink, consisting of a stylized 'L' and 'D' followed by a horizontal line.

---

Luis DUARTE
